Dependable, affordable and economical.

2011 4WD Honda Element completely set up to Overland.

This car is deceptively roomy. The vehicle comfortably sleeps 2 inside the car and comes with sheets, 3 sleeping bags, pillows and mosquito nets.

Also includes everything to cook including an amazing gas stove with two full propane tanks (probably a years worth with constant use), a table, two coolers (of which I use one for food and the other for storage), complete set of utensils and serving wear plates, bowls, silverware. Also included are many extras like a 110 to 220 transformer, guide books, clothesline, camp chairs, and more.

Do you imagine yourself travelling the continent in this "house on wheels"?

Please do not hesitate to get in touch with us.
If you have any questions, we'd love to chat over
WhatsApp or video call and give you a long-distance tour
of the van.
