This "Vanbulancia" it's looking for new owners. It has a reliable and solid V6 engine that was used in other follow-up Chevrolet Vans, a high clearance, high ceiling interior (177 cms) and a spacious space inside that makes it super comfortable for living on it.

It has a double size fix bed in the back, a dining room area with a foldable table, a kitchen area with a big 2 burner stove with 10 kg propane bottle (lasts 3-4 months!), a sink with a water pump, with 2 20 liters fresh water tanks and a 20 liters grey water tank outside, and lots of storage.

Includes a full electrical system with solar panel and second battery, 4 independent ceiling lights (warm and white light) + UV LED lights and lots of plugs (220 V and 12 V), great for living off grid.

The G20 vans are loved by classic van fans and kind of rare in South America - Locals and other travelers love seeing this car on the road!

It also includes:

- 120 x 180 cm waterproof mattress
- Warm big blanket
- 2 new bed sheet sets
- 4 pillows
- Blackout curtains
- Ceiling fan
- Working ambulance lights
- 4 speaker stereo
- radio with BT transmitter
