This offroad machine and house on wheels it's looking for new owners! It's a Toyota 4runner SR5 4WD 4x4 with a 4.0L V6 and 239hp engine, so you can be comfortable and safe exploring the hardest roads of the continent. It has all the equipment needed to be completely self-sufficient on your travels.

It has all-terrain tires ready for at least another 60.000 kms. Includes a solar panel system and an additional battery that power a compressor fridge and take care of the rest of the usual electrical needs. In the interior has a fix wooden box for storage, a kitchen area in the back and a sturdy sleeping platform with a big comfy bed for two.

The car has a fully working AC and heating system, cruise control, Parking sensors and has different driving settings: H2 (4x2 rear wheels), H4 (4x4), L4 (4x4 with reductor and A-TRAC).

It also includes:

Sleeping:

- 10 cm thick foam mattress (180x140 cm)
- 2 pillows (240x220 cm)
- Summer/winter blanket

Electricity:

- Additional 12V 100Ah gel battery
- 100W solar panel
- Victron Energy MPPT 75/15 solar charge controller.
- Victron Energy Cyrix intelligent battery combiner
- Victron Energy 375W inverter

Storage:

- Large storage compartment: hidden below the bed (140L)
- Kitchen drawers (90L)
- Clothes drawer (70L)

Kitchen:

- Alpicool C20 20L compressor fridge
- 2 klimber cooking stoves
- Pots and pans
- Cutlery (also big chef knife)
- Plates and bowls
- Box with spices

Others:

- Large roof rack
- Sun tarp (2x2 mts)
- Wind deflectors on all windows
- Mosquito nets
- 12V compressor and Toolbox
- Jump start cables and Towing cable
- 2 20L plastic jerry cans
- 1 20L barrel for water
- 1 20L foldable water tank
- 2 20L solar showers
- 2 chairs and camping table

Do you imagine yourself travelling the continent in this "house on wheels"?

Please do not hesitate to get in touch with us.
If you have any questions, we'd love to chat over
WhatsApp or video call and give you a long-distance tour
of the van.
